

We want to hear from you

You are invited to review Western's draft environmental findings on the San Luis Rio Colorado Project, proposed for Yuma County. We need your comments to ensure we've addressed all relevant issues and alternatives.

Join us Dec. 7 in Yuma to learn more about the environmental analysis and to share your comments:

Open house, 2 to 3 p.m. or **Open house, 6 to 7 p.m.**
Public hearing, 3 to 5 p.m. **Public hearing, 7 to 9 p.m.**

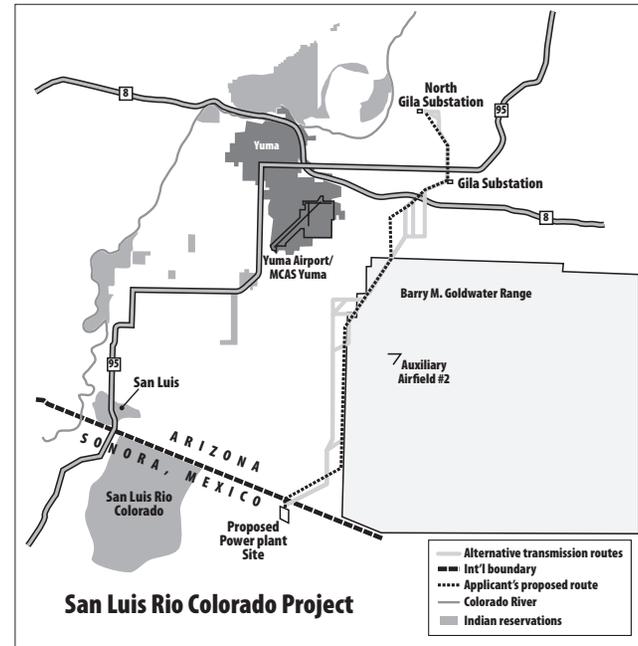

**Yuma Civic and Convention Center,
1440 West Desert Hills Drive, Yuma, AZ**

Western has completed a draft environmental impact statement for a proposed transmission line that would originate at the San Luis Rio Colorado Power Center in Mexico; interconnect with the existing Gila Substation, east of Yuma; and continue to the existing North Gila Substation, northeast of Yuma.

To help you understand the proposed project and the findings from our environmental report, Western will hold an open house Dec. 7 from 3 to 6 p.m. in Yuma. A public hearing to receive comments will follow at 7 p.m.

Meeting facilities are wheelchair accessible and a Spanish-speaking representative will be present. Please contact Western at 602-605-2592 if you need other accommodations to attend the open house or hearing.

The draft EIS is available for review at libraries in Yuma, Foothills, San Luis and Somerton, Ariz. You can also request a copy via Western's Web site at www.wapa.gov/transmission/intersanluis.htm.
